Subject: RE: Rico Site Visit

All,

What about the week of September 30 for a site visit/meeting? Sounds like everyone's schedule earlier in September is getting jammed.

Thanks,

ap

Brian – If the purpose of the meeting is to discuss PEL's, does it really make sense to proceed without the State folks? Also, I'm scheduled to be in Butte on the 18th for a different EPA meeting. If we did 9/16 or 9/20, I could make it, but not Wednesday. I'd send Lucas, but he'll be on his honeymoon that week. The following week looks good for me. Not sure about Nathan's availability.

Subject: FW: Rico Site Visit

FYI – State declines to participate in the site visit in September. I assume we would like to move forward with the site visit anyway, but correct me if I’m wrong. If we do, I would suggest Wednesday, September 18th for the visit.

Thanks,

Brian S. Johnson

Hi Brian,

Please proceed without us. We are not able to attend this one. Im glad the division was able to make it out to Rico and see the site last year.

Thank you for the invitation.

Erin

Any word on potential meeting dates Amelia?

Erin: does the state have a preference for meeting dates at the site in September?

Thanks,

Brian, thanks. I am waiting to hear back on a different potential September trip, and once I know that we will send back the dates that work for us.

Thanks,

ap

Subject: Rico Site Visit

During our meeting in May, we discussed the path forward for the SLT UAO effort. The state is working to complete the PEL analysis. Once that is complete, we discussed meeting on site during September to discuss the PELs and the path forward. The ARC team is available the weeks of September 9th and 16th, and could potentially find time the week of the 23rd, but we have commitments in San Francisco on 9/24. Please provide dates that you are available to meet at the site.

Thanks,

Brian S. Johnson
